

Worlingworth Gardening Club

We have now been in existence for three years and our membership has increased to 30.

As a club of like-minded enthusiasts we offer a varied program of visits and talks plus a wealth of experience and recommendations of local businesses who provide garden related services. We are now registered with local exceptional nurseries for discounted purchases.

Our links with other gardening clubs has enabled our members to participate in their programmes and we in turn have hosted "A Garden in Winter – A Garden in Summer" with Wingfield and District Gardening Club.

Club members have enjoyed summer evening visits to local private gardens not usually open to the public where jugs of Pimms were drained. Apart from the jugs of Pimms most, if not all, our garden visits involve cake!

Anyone interested in joining us would be made most welcome and we can promise you excellent company and lovely gardens.

Joining details are in the Church Magazine, What's On and the Worlingworth web site.
